

PUT-IN-BAY PUBLIC DOCKAGE INFORMATION

Put-in-Bay's downtown public marina has three large docks. The Village of Put-in-Bay leases dock space on A and C docks. DeRivera Park, where the village's bathhouse is located, leases docking space on B Dock. The DeRivera Park Trust use the revenue from B Dock for the maintenance of the park area downtown.

All three public marina docks have mandatory rafting rules and watercraft may be required to raft off up to four vessels abreast.

Thinking about a trip to Canada while you're visiting the island area? You can find customs and security information for traveling to and from Canada on the ODNR's [Lake Erie Information Resources](#) page.

PUBLIC BOAT RAMP ACCESS

Put-in-Bay is a favorite starting point for many boat fishermen who bring their watercraft to the island in the spring and fall so they are close to the action. [Miller Boat Line](#) is the only ferry service that hauls vehicles.
